ASSOCIATION, THE

- AOTA awards, 47(12):1131-1132
 AOTF awards, 132
 American occupational therapy association accreditation committee reliability study, 47(6):561-567
 Official documents of the American Occupational Therapy Association, 47(3):265-267
 Policies adopted or amended by the 1992 Representative Assembly, 47(4):361-364
 Summary of Executive Board Minutes, July 21-23, 1992, 47(7):653-654
 Summary of Executive Board Minutes, November 8-10, 1992, 47(7):654-655
 Summary of Executive Board Minutes, February 12-14, 1993, 47(12):1132-1134
 Summary of Executive Board Minutes, May 3, May 20, June 16, 1993, 47(12):1134
 Technology, CH Gwin, 47(11):1043

AUTHOR'S GUIDE, 46(1):91-92; 47(4):376-377; 47(7):661-662

BOOK REVIEWS

- ABCs of Medicare Part A and Part B for clinicians, L Phillippi, 47(3):274
 Activity analysis: A primer, H Hiram, 47(7):659
 After your total knee replacement, JV Platt, R Begun, 47(3):272-273
 AIDS and ethics, FG Reamer, Editor, 47(2):187
 Attention deficit hyperactivity disorder: Questions and answers for parents, GS Greenberg, WF Horn, 47(3):273
 Biomechanics: Problem solving for functional activity, SL Roberts, SA Falkenburg, 47(3):271
 Carolina curriculum for infants and toddlers with special needs (2nd ed.), NM Johnson-Martin, KG Jens, SM Attermeier, BJ Hacker, 47(3):277
 Choosing options and accommodations for children (COACH)—A guide to planning inclusive education, MF Giangreco, CJ Cloninger, VS Iverson, 47(8):758-759
 Concepts of occupational therapy (3rd ed.), KL Reed, SN Sanderson, 47(3):271
 Conceptual foundations of occupational therapy, G Kielhofner, 47(8):759

Contemporary conservative care for painful spinal disorders, TG Mayer, V Mooney, RJ Gatchel, 47(3):273

Crafts in therapy and rehabilitation, M Drake, 47(8):759-760

Development of hand skills in the child, J Case-Smith, C Pehoski (Editors), 47(7):657

Educating families of the head injured: A guide to medical, cognitive, and social issues, DS DeBoskey, JS Hecht, CJ Calub, 47(3):273

Educating patients and families about mental illness: A practical guide, CC Bisbee, 47(4):370-371

Effective documentation for occupational therapy, JD Acquaviva (Editor), 47(7):658-659

Essentials of anatomy and physiology, student workbook for essentials of anatomy and physiology, VC Scanlon, T Sanders, 47(3):276-277

Ethical issues in mental health, PJ Barker, S Baldwin (Editors), 47(3):276

Find a mentor or be one, SC Robertson, 47(7):657-658

From school to adult life: The role of occupational therapy in the transition process (Videotapes & Modules), KC Spencer, 47(4):371-372

Guillain-Barré Syndrome, AH Ropper, EFM Wijdicks, BT Truax, 47(1):90

Knee pain and disability (3rd ed.), R Cailliet, 47(3):273-274

Kohlman evaluation of living skills (3rd ed.), LK Thomson, 47(4):370

Managing productivity in occupational therapy, American Occupational Therapy Association, Inc., 47(1):89

Manter and Gatz's essentials of clinical neuroanatomy and neurophysiology (8th ed.), S Gilman, SW Newman, 47(3):274

Meeting the needs of people with vision loss: A multidisciplinary perspective, SL Greenblatt (Editor), 47(4):372

Occupational therapy manager (rev. ed.), J Bair, M Gray, (Editors), 47(4):372-373

Occupational therapy treatment goals for the physically and cognitively disabled, CK Allen, CA Earhart, T Blue, 47(2):187

Out of step, D Larkin, D Hoare, 47(3):275-276

Premie potential: Improving the NICU environment of the premature infant, MJ Fay, D Grego-Heintz, 47(3):274

Principles of geriatric neurology, R Katzman, JW Rowe, 47(3):274-275

Principles of neural science (3rd ed.), ER Kandel, JH Schwartz, TM

- Jessell, 47(3):276
 Psychoeducational groups for patients with schizophrenia: A guide for practitioners, H Ascher-Svanum, AA Krause, 47(3):271-272
 Psychological and social impact of disability (3rd ed.), RP Marinelli, AE Dell Orto (Editors), 47(3):276
 Psychological perspectives on human diversity in America, JD Goodchilds, Editor, 47(3):272
 Quality of life for persons with disabilities: Skill development and transitions across life stages, RA Weisgerber, 47(1):89
 7-Minute rotator cuff solution—A complete program to prevent and rehabilitate rotator cuff injuries, J Horrigan, J Robinson, 47(3):275
 Sexuality and the person with traumatic brain injury: A guide for families, ER Griffith, S Lemberg, 47(7):658
 Shoulder pain (3rd ed.), Neck and arm pain (3rd ed.), R Cailliet, 47(1):90
 Soft tissue mobilization techniques for the geriatric client [Video-tape], L Phillippi, 47(1):90
 Wellness and lifestyle renewal: A manual for personal change, MS Rosenfeld, 47(8):758
 When your child needs testing, MF Shore, PJ Bria, BG Love, 47(3):275
 Your child has a disability: A complete sourcebook of daily and medical care, ML Batshaw, 47(3):275

BRIEF OR NEW

- Analytical approach to teaching theory at the postprofessional level, JV Deussen, 47(10):949-952
 Computer applications that streamline test scoring and other procedures in occupational therapy, WJ Farrell, EA Muik, 47(5):462-465
 Effect of word prediction on typing speed, D Anson, 47(11):1039-1042
 Hand strengthening with a computer for purposeful activity, TI King II, 47(7):635-637
 Interpersonal skills for practice: An elective course, SM Peloquin, DA Davidson, 47(3):260-264
 Personalized communication wallet, EM Douglas, 47(2):179-180
 Torticollis: A head and neck immobilizer, RC Kerrick, C French, 47(1):79-80

CASE REPORT

- Electrical stimulation for restoring independent feeding in a man with quadriplegia, SG Carroll, CF Meeny, 47(8):739-742
 Overcoming topographical orientation deficits in an elderly woman with right cerebrovascular accident, MJ Borst, CQ Peterson, 47(6):551-554
 Positioning the nursing home resident: An issue of quality of life, SR Herzberg, 47(1):75-77
 Training for a patient with shoulder disarticulation, MF Caneión, 47(2):174-178
 Work hardening for a client with low back pain, DK Callahan, 47(7):645-649

CORRECTION

- Assistive technology device use in patients with rheumatic disease: A literature review, JC Rogers, MB Holm [previously published 46(2):126], 47(3):269
 Issues in assessment of psychosocial components of function, [previously published 47(3):211-216], 47(8):755.

EDITORIAL

- Thanks, kind colleagues, E Viseltear, 47(2):103

FOUNDATION, THE

- Partners in promoting measurement: AOTF and AOTA, NP Gillette, 47(4):367
 Research abstracts, 47(12):1135-1137

HEALTH POLICY

- From dependency to self-advocacy: Redefining disability, C Schlaff, 47(10):943-948
 Problem of functional assessment: Political and economic perspectives, JH Mather, 47(3):240-246
 Sorting through the quality assurance armamentarium, D Ellek, 47(7):639-643

ISSUE IS, THE

- Academically based education versus continuing education: The best way to go, BC Abreu, M-LF Blount, 47(1):82-84

- Anticipating the future: Assessment of occupational function, C Trombly, 47(3):253-257
 Continuing challenges of functional assessment in rehabilitation: Recommended changes, C Christiansen, 47(3):258-259
 Dangers inherent in the partition of occupational therapy and occupational science, F Clark, R Zemke, G Frank, D Parham, A Neville-Jan, C Hedricks, M Carson, L Fazio, B Abreu, 47(2):184-186
 Direct occupational therapy in the school system: When should we terminate? SG Nesbit, 47(9):845-847
 Educating consumers about assistive technology, KM Post 47(11):1046-1047
 Enhancing the research image of occupational therapy, J Van Deusen, 47(2):181-183
 The fine line, J Little 47(11):1048-1049
 Functional assessment: Toward a dialectical view of person-environment relations, G Kielhofner, 47(3):248-251
 Improving consumer access to occupational therapy: Through mimicry or authenticity? JL Grabtree, 47(7):651-652
 Maintaining professional education in community settings, LR Strickland, 47(1):85-86
 Measurement of function: Actions for the future, W Dunn, 47(4):357-359
 New pathways for psychosocial occupational therapists, S, Price, 47(6):557-559
 Partition of occupational science and occupational therapy: Sorting out some issues, AC Mosey, 47(8):751-754
 Psychosocial occupational therapy: Time to cast off the gloom and doom, J Friedland, RM Renwick, 47(5):467-471
 Will I see you in September? A question of educational relevance, AC Bundy, 47(9):848-850

LETTERS TO THE EDITOR

- Against special interest ideologies, MA Amory, 47(4):369 [Author's response, N MacRae, 47(4):369]
 All good research is welcome, H Cohen, EB Stern, 47(1):87
 Different views are healthy: Formulating questions is everything, GS Fidler, 47(1):87
 Even background music can affect listeners, RW Justice, 47(3):268
 Journal articles are inappropriate for special group interests, M Beagle, 47(8):755
 Pursuing old paths may not be worthwhile, NS Levan, 47(1):87 [Author's response Kleinman BL, 47(1):89-88]
 Special issue on feminism laudable, but..., GL McCormack, 47(3):268-269 [Guest editor's response, N MacRae, 47(3):269, Author's response, RJ Miller, 47(3):269]
 Spoon phase is another option for self-feeding, E Wyckoff, 47(9):851
 Standard setting for AOTCB exam is impressive, 47(3):268
 Student perceptions of psychiatric disorder, S Clark, 47(9):851

LOOKING BACK

- Graded activity: Legacy of the sanatorium, C Creighton, 47(8):745-748

IN MEMORIAM

- Clare S. Spackman, 1909-1992, clinician, teacher, and world leader in occupational therapy, 47(4):368
 Janet Rothman Down, 47(12):1132
 Norma Livingston, 47(12):1132

NATIONALLY SPEAKING

- Competency: Ethical issues and dilemmas, MM Evert, 47(6):487-489
 Improving functional assessment in occupational therapy: Recommendations and philosophy for change, AG Fisher, M Short-DeGraff, 47(3):199-201
 New president's address: Daily practice dilemmas, MM Evert, 47(1):7-9
 Promise of assistive technology, KM Post, 47(11):965-967
 Proposal for diverse research methods and a common research language, M Short-DeGraff, AG Fisher, 47(4):295-297
 Quest for efficacy, GS Fidler, 47(7):583-586
 Value in a changing environment, MM Evert, 47(12):1063-1066

REVIEWER'S GUIDE, 47(3):283; 47(10):953

SOFTWARE & TECHNOLOGY REVIEWS

- Exercise break, M Clauson, 47(11):1051
 Savings, 47(3):270

Subject Index

A

ACTIVITIES OF DAILY LIVING

- Adaptive computer use for a person with visual impairment, 47(11):998-1008
- Cognitive performance in Senile Dementia of the Alzheimer's Type: The kitchen task assessment, 47(5):431-436
- Effect of upper extremity trauma on handedness, 47(9):787-795
- Incorporation of ethnographic methods in occupational therapy assessment, 47(4):303-309
- Increasing medication compliance in a woman with anoxic brain damage and partial epilepsy, 47(1):30-33
- Issues in assessment of psychosocial components of function, 47(3):211-216 [Correction, 47(8):755]
- Occupational therapy perspective in the treatment of multiple personality disorder, 47(10):872-876

ACTIVITIES OF DAILY LIVING ASSESSMENT

- Program planning: The clinical utility of three activities of daily living assessment tools, 47(10):911-918

ACTIVITIES OF DAILY LIVING EVALUATION

- Abbreviated task-oriented assessment (Bay Area Functional Performance Evaluation), 47(2):111-118
- Adaptive computer use for a person with visual impairment, 47(11):998-1008
- Age differences in functional performance, 47(8):686-692
- Assessment of IADL motor skills: An application of many-faceted Rasch analysis, 47(4):319-329
- Measurement-related problems in functional assessment, 47(4):331-338
- Role of physical performance component evaluations in occupational therapy functional assessment, 47(3):225-230

ACTIVITY ANALYSIS

- Analysis of a board game as a treatment activity, 47(2):154-160

ADAPTIVE BEHAVIOR

- Occupation and the relevance of primatology to occupational therapy, 47(6):515-522
- Using a sensory integrative approach to treat self-injurious behavior in an adult with profound mental retardation, 47(5):403-411

ADOLESCENTS

- Self-evaluation and self-concept of adolescents with physical disabilities, 47(2):132-140

ADULT

- Perceiving patients and their nonverbal reactions, 47(6):491-497

AGED

- Linking patient and family stories to caregivers' use of clinical reasoning, 47(2):169-173

AGING

- Age differences in functional performance, 47(8):686-692
- Case Report—Positioning the nursing home resident: An issue of quality of life, 47(1):75-77
- Comparison of assistive device use and needs of home-based older persons with different impairments, 47(11):980-987
- Death in very old age: A personal journey of caregiving, 47(8):717-723

ALZHEIMER'S DISEASE

- Cognitive performance in Senile Dementia of the Alzheimer's Type: The kitchen task assessment, 47(5):431-436

AMERICAN OCCUPATIONAL THERAPY ASSOCIATION

- Association, The
 - American occupational therapy association accreditation committee reliability study, 47(6):561-567
 - Official documents of the American Occupational Therapy Association, 47(3):265-267
 - Policies adopted or amended by the 1992 Representative Assembly, 47(4):361-364
 - Summary of Executive Board Minutes, July 21-23, 1992, 47(7):653-654
 - Summary of Executive Board Minutes, November 8-10, 1992, 47(7):654-655
 - Technology, CH Gwin, 47(11):1043

Award

- 1993 awards and recognitions recipients, 47(12):1131-1134

Business meeting, minutes

- The 1993 annual business meeting, 47(12):1125-1127

Educational programs

- Listing of educational programs in occupational therapy, 47(12):1106-1116

Official documents

- Association policies, 47(12):1117-1121
- Core values and attitudes of occupational therapy practice, 47(12):1085-1086
- Knowledge and skills for occupational therapy practice in the neonatal intensive care unit, The Neonatal Intensive Care Unit Task Force, 47(12):1100-1105
- Occupational therapy roles, 47(12):1087-1099
- Official documents of the American Occupational Therapy Association, Inc., 47(12):1128
- Position paper: Occupational therapy and the Americans with Disabilities Act (ADA), 47(12):1083-1084
- Position paper: Purposeful activity, 47(12):1081-1082
- Rescinded documents, 47(12):1129
- Statement: The role of occupational therapy in the independent living movement, 47(12):1079-1080

Representative assembly

- The 1993 Representative Assembly summary of minutes, 47(12):1122-1124

Slagle lecture

- Occupation embedded in a real life: Interweaving occupational science and occupational therapy, 1993 Eleanor Clarke Slagle Lecture, 47(12):1067-1078

ARM

- Successful voluntary grasp and release using the cookie crusher myoelectric hand in 2-year-olds, 47(9):825-829

ARTHRITIS, RHEUMATOID

- Grip strength of children aged 3 to 7 years using a modified sphygmomanometer: Comparison of typical children and children with rheumatic disorders, 47(5):421-428

ASSESSMENT PROCESS

- Attending behavior: A descriptive study of children aged 18 through 23 months, 47(8):708-716
- Use of uniform terminology by occupational therapists, 47(7):611-618

ASSESSMENT PROCESS, OCCUPATIONAL THERAPY

- Discriminative versus evaluative assessment: Some observations on goal attainment scaling, 47(4):349-354
- Evaluating activities of daily living: Directions for the future, 47(3):233-237
- Hand function evaluation: A factor analysis study, 47(5):439-443

ASSESSMENT TECHNIQUES

- Reliability analysis in therapeutic research: Practice and procedures, 47(1):10-16

ATTENTION

- Attending behavior: A descriptive study of children aged 18 through 23 months, 47(8):708-716

ATTITUDE

- Student perceptions of persons with psychiatric and other disorders, 47(6):541-548

B

BONDING, HUMAN-PET

- Influence of an animal on social interactions of nursing home residents in a group setting, 47(6):529-534

BRAIN DAMAGE, CHRONIC

- Self-feeding system for an adult with head injury and severe ataxia, 47(5):444-451

BRAIN INJURIES

- Improved productivity through purposeful use of additional template for a woman with cortical blindness, 47(2):105-110

Increasing medication compliance in a woman with anoxic brain damage and partial epilepsy, 47(1):30-33

C

CEREBRAL PALSY

Efficacy of upper extremity inhibitive casting: A single-subject pilot-study, JL Tona, CM Schneck, 47(10):901-910
Improvement in upper extremity function and trunk control after selective posterior rhizotomy, AJ Beck, SJ Gaskill, AE Marlin, 47(8):704-707

CEREBROVASCULAR ACCIDENT

Program planning: The clinical utility of three activities of daily living assessment tools, 47(10):911-918

CEREBROVASCULAR DISORDERS

Hierarchical model for evaluation and treatment of visual perceptual dysfunction in adult acquired brain injury, part 1, 47(1):42-54
Hierarchical model for evaluation and treatment of visual perceptual dysfunction in adult acquired brain injury, part 2, 47(1):55-66
Prediction of behind-the-wheel driving performance in patients with cerebral brain damage: A discriminant function analysis, 47(5):391-396

CHILD

Influence of ergonomic factors and perceptual-motor abilities on handwriting performance, 47(10):919-926

CHILD DEVELOPMENT DISORDERS

Comparison of structured sensorimotor therapy and child-centered activity in the treatment of preschool children, 47(9):777-786
Effects of options on performance of an art project in adults with mental disabilities, 47(5):397-401

CHILD, PRESCHOOL

Successful voluntary grasp and release using the cookie crusher myoelectric hand in 2-year-olds, 47(9):825-829

CHOICE BEHAVIOR

Effects of options on performance of an art project in adults with mental disabilities, 47(5):397-401

CHRONIC DISEASE

Model to promote activity competence in elders, 47(2):147-153

COGNITION

Analysis of a board game as a treatment activity, 47(2):154-160
Prediction of behind-the-wheel driving performance in patients with cerebral brain damage: A discriminant function analysis, 47(5):391-396

COGNITIVE DEVELOPMENT (ASSESSMENT)

Perceiving patients and their nonverbal reactions, 47(6):491-497

COMMUNICATION AIDS FOR THE HANDICAPPED

Brief or New—Personalized communication wallet, 47(2):179-180

COMMUNICATION (BEHAVIOR)

Brief or New—Personalized communication wallet, 47(2):179-180

COMMUNITY OCCUPATIONAL THERAPY

International overview of resource centers on disability, 47(8):725-730

COMPETENCE, PROFESSIONAL

Patient-therapist relationship: Beliefs that shape care, 47(10):935-942

COMPUTER-ASSISTED THERAPY

Brief or New—Hand strengthening with a computer for purposeful activity, 47(7):635-637
Comparison of computer interface devices for persons with severe physical disabilities, 47(11):1022-1030

COMPUTERS

Single-switch computer access for infants and toddlers, 47(11):1031-1038

COMPUTERS (GENERAL)

Brief or New—Effect of word prediction on typing speed, 47(11):1039-1042

CONCEPT FORMATION

Brief or new—Analytical approach to teaching theory at the post-professional level, 47(10):949-952

COPING

Therapeutic use of humor in occupational therapy, 47(8):678-683

CURRICULUM

Differences in values and goals of occupational therapy students, 47(5):453-459

D

DECISION MAKING

Clinical reasoning in occupational therapy: An integrative review, 47(7):605-610

DEVELOPMENTAL TASKS

Effect of life review reminiscence activities on depression and self-esteem in older adults, 47(5):413-420
Use of a game to promote arm reach in persons with traumatic brain injury, 47(1):19-24

DOCUMENTATION

Use of uniform terminology by occupational therapists, 47(7):611-618

E

EDUCATION

Curriculum based on systems theory, 47(7):625-634

EDUCATION, OCCUPATIONAL THERAPY

Career self-efficacy in occupational therapy practice, 47(10):927-933
Development of technology competencies and training guidelines for occupational therapists, 47(11):970-979
Exploring multicultural competencies of occupational therapists: Implications for education and training, 47(9):838-844

EDUCATION, OCCUPATIONAL THERAPY, CONTINUING

Comparison of practice issues among occupational therapists in the rural northwest and the Rocky Mountain regions, 4(8):731-737

EDUCATION, OCCUPATIONAL THERAPY, GRADUATE

Comparison of practice issues among occupational therapists in the rural northwest and the Rocky Mountain regions, 4(8):731-737

EDUCATION, PROFESSIONAL

Career self-efficacy in occupational therapy practice, 47(10):927-933

ENVIRONMENTAL STIMULATION

Using a sensory integrative approach to treat self-injurious behavior in an adult with profound mental retardation, 47(5):403-411

EQUIPMENT DESIGN

Self-feeding system for an adult with head injury and severe ataxia, 47(5):444-451

EVOLUTION

Occupation and the relevance of primatology to occupational therapy, 47(6):515-522

F

FAMILY

Death in very old age: A personal journey of caregiving, 47(8):717-723

FAMILY RELATIONS

Family involvement in practice: Issues and attitudes, 47(7):587-593

FIELDWORK EDUCATION, OCCUPATIONAL THERAPY

Student coping strategies and perceptions of fieldwork, 47(6):535-540

FIELDWORK, OCCUPATIONAL THERAPY, LEVEL I

Level I fieldwork: Creating a positive experience, 47(1):68-73

FUNCTION

Age differences in functional performance, 47(8):686-692
Case Report—Electrical stimulation for restoring independent feeding in a man with quadriplegia, 47(8):739-742

G

GROSS AND FINE MOTOR EVALUATION

Influence of ergonomic factors and perceptual-motor abilities on handwriting performance, 47(10):919-926

H

HABILITATION TRAINING

Generalization of occupational therapy effects in psychiatric rehabilitation, 47(2):161-167

HAND FUNCTIONS

Comparison of the grip strength of children with myelomeningocele to that of children without disability, 47(6):498-503
Content validity of the in-hand manipulation test, 47(6):505-513
Grip strength of children aged 3 to 7 years using a modified sphygmomanometer: Comparison of typical children and children with rheumatic disorders, 47(5):421-428

HAND INJURIES

- Effect of upper extremity trauma on handedness, 47(9):787-795
- Hand function evaluation: A factor analysis study, 47(5):439-443

HAND OCCUPATIONAL THERAPY

- Brief or New—Hand strengthening with a computer for purposeful activity, 47(7):635-637

HEAD CONTROL

- Brief or New—Torticollis: A head and neck immobilizer, 47(1):79-80

HEAD INJURIES

- Prediction of behind-the-wheel driving performance in patients with cerebral brain damage: A discriminant function analysis, 47(5):391-396

HISTORY

- Looking Back—Graded activity: Legacy of the sanatorium, 47(8):745-748

HOME CARE SERVICES

- Model to promote activity competence in elders, 47(2):147-153

HUMAN ACTIVITIES AND OCCUPATIONS

- Assessment of play and leisure: Delineation of the problem, 47(3):217-222
- Curriculum based on systems theory, 47(7):625-634
- Occupation embedded in a real life: Interweaving occupational science and occupational therapy, 1993 Eleanor Clarke Slagle Lecture, 47(12):1067-1078

HUMAN DEVELOPMENT

- Occupation and the relevance of primatology to occupational therapy, 47(6):515-522

HUMAN OCCUPATION MODEL

- Adaptive computer use for a person with visual impairment, 47(11):998-1008
- Reliability of the worker role interview, 47(9):797-803

HYGIENE EVALUATION

- Handwashing practices among occupational therapy personnel, 47(6):523-528

I

IMMOBILIZATION

- Brief or New—Torticollis: A head and neck immobilizer, 47(1):79-80

INDEPENDENT LIVING SKILLS (HUMAN ACTIVITIES)

- Client-centered assessment, 47(4):298-301
- International overview of resource centers on disability, 47(8):725-730

INDEPENDENT LIVING SKILLS (THERAPEUTIC)

- Therapeutic use of humor in occupational therapy, 47(8):678-683

INTERVENTION PROCESS, OCCUPATIONAL THERAPY

- Comparison of structured sensorimotor therapy and child-centered activity in the treatment of preschool children, 47(9):777-786
- Effect of occupational therapy intervention on mothers of children with cerebral palsy, 47(9):811-817

ISOKINETIC EXERCISES

- Efficacy of upper extremity inhibitive casting: A single-subject pilot-study, 47(10):901-910

J

JOB ANALYSIS

- Case Report—Work hardening for a client with low back pain, 47(7):645-649

L

LATERALITY

- Effect of upper extremity trauma on handedness, 47(9):787-795

LEISURE ACTIVITIES

- Assessment of play and leisure: Delineation of the problem, 47(3):217-222

LITERATURE

- Linking patient and family stories to caregivers' use of clinical reasoning, 47(2):169-173

LONG-TERM CARE

- Influence of an animal on social interactions of nursing home residents in a group setting, 47(6):529-534

M

MEDICAL ONCOLOGY

- Acquired lymphedema: A chart review of nine women's responses to intervention, 47(10):891-899

MENTAL HEALTH

- Abbreviated task-oriented assessment (Bay Area Functional Performance Evaluation), 47(2):111-118
- Contingent interaction during work and play tasks for mothers with multiple sclerosis and their daughters, 47(2):121-131
- Effectiveness of occupational therapy for reducing restraint use in a psychiatric setting, 47(10):885-889
- Occupational therapy perspective in the treatment of multiple personality disorder, 47(10):872-876
- Women's mental health: Implications for occupational therapy, 47(1):35-41

MOBILITY

- Assistive technology and the newly disabled adult: Adaptation to wheelchair use, 47(11):1014-1021
- Case Report—Overcoming topographical orientation deficits in an elderly woman with right cerebrovascular accident, 47(6):551-554

MOTIVATION

- Brief or New—Hand strengthening with a computer for purposeful activity, 47(7):635-637
- Client-centered assessment, 47(4):298-301
- Effects of options on performance of an art project in adults with mental disabilities, 47(5):397-401

MOTOR ACTIVITY (BEHAVIOR)

- Sequence comparison methodology for the analysis of movement patterns in infants and toddlers with and without motor delays, 47(4):339-347

MOTOR CONTROL

- Sequence comparison methodology for the analysis of movement patterns in infants and toddlers with and without motor delays, 47(4):339-347
- Use of a game to promote arm reach in persons with traumatic brain injury, 47(1):19-24

MOTOR PERFORMANCE

- Sequence comparison methodology for the analysis of movement patterns in infants and toddlers with and without motor delays, 47(4):339-347

MOTOR SKILLS

- Effect of upper extremity trauma on handedness, 47(9):787-795
- Hand function evaluation: A factor analysis study, 47(5):439-443
- Sequence comparison methodology for the analysis of movement patterns in infants and toddlers with and without motor delays, 47(4):339-347

MOVEMENT ANALYSIS

- Use of a game to promote arm reach in persons with traumatic brain injury, 47(1):19-24

MUSCLE SPASTICITY

- Efficacy of upper extremity inhibitive casting: A single-subject pilot-study, 47(10):901-910
- Improvement in upper extremity function and trunk control after selective posterior rhizotomy, 47(8):704-707

N

NETWORKING, PROFESSIONAL

- Comparison of practice issues among occupational therapists in the rural northwest and the Rocky Mountain regions, 47(8):731-737

NEURODEVELOPMENTAL THERAPY

- Use of a game to promote arm reach in persons with traumatic brain injury, 47(1):19-24

NEUROMUSCULAR FACILITATION

- Addressing assistive technology needs in special education, 47(11):993-997

NOMENCLATURE

- Use of uniform terminology by occupational therapists, 47(7):611-618

NONVERBAL COMMUNICATION

- Perceiving patients and their nonverbal reactions, 47(6):491-497

NURSING HOMES

- Case Report—Positioning the nursing home resident: An issue of quality of life, 47(1):75-77

O

OCCUPATIONAL THERAPY SERVICES

Addressing assistive technology needs in special education, 47(11):993-997

OCCUPATIONAL THERAPY (TREATMENT)

Case Report—Training for a patient with shoulder disarticulation, 47(2):174-178

ORGANIZATION AND ADMINISTRATION

Brief or New—Computer applications that streamline test scoring and other procedures in occupational therapy, 47(5):462-465

OUTPATIENTS

Case Report—Training for a patient with shoulder disarticulation, 47(2):174-178

P

PARENTING ACTIVITIES

Contingent interaction during work and play tasks for mothers with multiple sclerosis and their daughters, 47(2):121-131

Effect of occupational therapy intervention on mothers of children with cerebral palsy, 47(9):811-817

PARENTS OF THE HANDICAPPED

Effect of occupational therapy intervention on mothers of children with cerebral palsy, 47(9):811-817

PATIENT ADVOCACY

Restaurant wheelchair accessibility, 47(7):619-623

PEDIATRICS

Attending behavior: A descriptive study of children aged 18 through 23, months, 47(8):708-716

Comparison of the grip strength of children with myelomeningocele to that of children without disability, 47(6):498-503

Single-switch computer access for infants and toddlers, 47(11):1031-1038

Test-retest reliability of the test of visual perceptual skills with children with learning disabilities, 47(9):819-824

PERCEPTION

Analysis of a board game as a treatment activity, 47(2):154-160

PERCEPTUAL DISORDERS

Case Report—Overcoming topographical orientation deficits in an elderly woman with right cerebrovascular accident, 47(6):551-554

PHYSICAL DISABILITIES, OCCUPATIONAL THERAPY

Contingent interaction during work and play tasks for mothers with multiple sclerosis and their daughters, 47(2):121-131

PHYSICAL RESTRAINT

Effectiveness of occupational therapy for reducing restraint use in a psychiatric setting, 47(10):885-889

PINCH FUNCTIONS

Role of physical performance component evaluations in occupational therapy functional assessment, 47(3):225-230

PINCH STRENGTH TEST

Role of physical performance component evaluations in occupational therapy functional assessment, 47(3):225-230

PLANNING PROCESS, OCCUPATIONAL THERAPY

Client-centered assessment, 47(4):298-301

Using a sensory integrative approach to treat self-injurious behavior in an adult with profound mental retardation, 47(5):403-411

PLAY AND PLAYTHINGS (LEISURE)

Assessment of play and leisure: Delineation of the problem, 47(3):217-222

PLAY DEVELOPMENT

Assessment of play and leisure: Delineation of the problem, 47(3):217-222

POSTURE

Clinical evaluation of the Hemi Wheelchair Cushion, 47(2):141-144

PRAGMATISM

Clinical reasoning in occupational therapy: An integrative review, 47(7):605-610

PROFESSIONAL TRAINING

Improved productivity through purposeful use of additional template for a woman with cortical blindness, 47(2):105-110

PROFESSIONAL COMPETENCE

Career self-efficacy in occupational therapy practice, 47(10):927-933
Combining practice and research, 47(8):693-703

PROFESSIONAL EDUCATION

Differences in values and goals of occupational therapy students, 47(5):453-459

PROFESSIONAL-PATIENT RELATIONS

Brief or New—Interpersonal skills for practice: An elective course, 47(3):260-264

Depersonalization of patients: A profile gleaned from narratives, 47(9):830-837

Family involvement in practice: Issues and attitudes, 47(7):587-593

Linking patient and family stories to caregivers' use of clinical reasoning, 47(2):169-173

PROFESSIONAL PRACTICE

Clinical reasoning in occupational therapy: An integrative review, 47(7):605-610

Combining practice and research, 47(8):693-703

Use of standardized assessment in occupational therapy: BaFPE-R as an example, 47(10):877-884

PROFESSIONAL PRODUCTIVITY

Differences in values and goals of occupational therapy students, 47(5):453-459

PROGRAM EVALUATION

Level I fieldwork: Creating a positive experience, 47(1):68-73

Outcome analysis of work-hardening programs, 47(7):595-603

PROSTHESIS

Successful voluntary grasp and release using the cookie crusher myoelectric hand in 2-year-olds, 47(9):825-829

PSYCHOSOCIAL DEVELOPMENT

Effect of life review reminiscence activities on depression and self-esteem in older adults, 47(5):413-420

Reliability of the worker role interview, 47(9):797-803

Q

QUADRIPLEGIA

Workstation robotics: A pilot study of a desktop vocational assistant robot, 47(11):1009-1013

QUALITY ASSURANCE, OCCUPATIONAL THERAPY

Outcome analysis of work-hardening programs, 47(7):595-603

QUALITATIVE METHOD

Acquired lymphedema: A chart review of nine women's responses to intervention, 47(10):891-899

Assistive technology and the newly disabled adult: Adaptation to wheelchair use, 47(11):1014-1021

Level I fieldwork: Creating a positive experience, 47(1):68-73

Occupation embedded in a real life: Interweaving occupational science and occupational therapy, 1993 Eleanor Clarke Slagle Lecture, 47(12):1067-1078

Use of standardized assessment in occupational therapy: BaFPE-R as an example, 47(10):877-884

R

REALITY THERAPY

Increasing medication compliance in a woman with anoxic brain damage and partial epilepsy, 47(1):30-33

REFLEX

Successful voluntary grasp and release using the cookie crusher myoelectric hand in 2-year-olds, 47(9):825-829

REHABILITATION

Case Report—Training for a patient with shoulder disarticulation, 47(2):174-178

Hierarchical model for evaluation and treatment of visual perceptual dysfunction in adult acquired brain injury, part 1, 47(1):42-54

Hierarchical model for evaluation and treatment of visual perceptual dysfunction in adult acquired brain injury, part 2, 47(1):55-66

REHABILITATION, HAND

Reliability of the worker role interview, 47(9):797-803

REHABILITATION, VOCATIONAL

Workstation robotics: A pilot study of a desktop vocational assistant robot, 47(11):1009-1013

RELIABILITY OF TESTS

Effect of rater severity on person ability measure: A Rasch model analysis, 47(4):311-317

RESEARCH DESIGN

- Assistive technology and the newly disabled adult: Adaptation to wheelchair use, 47(11):1014-1021

S

SEATS, ADJUSTED

- Clinical evaluation of the Hemi Wheelchair Cushion, 47(2):141-144

SELF-CONCEPT

- Self-evaluation and self-concept of adolescents with physical disabilities, 47(2):132-140

SELF-HELP DEVICES

- Analysis of computer-related articles in occupational therapy periodicals, 47(1):25-29
- International overview of resource centers on disability, 47(8):725-730
- Self-feeding system for an adult with head injury and severe ataxia, 47(5):444-451
- Workstation robotics: A pilot study of a desktop vocational assistant robot, 47(11):1009-1013

SKILLS ASSESSMENT

- Content validity of the in-hand manipulation test, 47(6):505-513

SOCIAL ENVIRONMENT

- Patient-therapist relationship: Beliefs that shape care, 47(10):935-942

SPATIAL BEHAVIOR

- Case Report—Overcoming topographical orientation deficits in an elderly woman with right cerebrovascular accident, 47(6):551-554

SPINA BIFIDA

- Comparison of the grip strength of children with myelomeningocele to that of children without disability, 47(6):498-503

SPINAL CORD INJURIES

- Assistive technology and the newly disabled adult: Adaptation to wheelchair use, 47(11):1014-1021

SPLINTS

- Efficacy of upper extremity inhibitive casting: A single-subject pilot-study, 47(10):901-910

STRESS

- Student coping strategies and perceptions of fieldwork, 47(6):535-540

STRESS MANAGEMENT TRAINING

- Occupational therapy perspective in the treatment of multiple personality disorder, 47(10):872-876

STUDENTS

- Student perceptions of persons with psychiatric and other disorders, 47(6):541-548

T

TEACHING METHODS

- Brief or New—Interpersonal skills for practice: An elective course, 47(3):260-264

TECHNOLOGY

- Analysis of computer-related articles in occupational therapy periodicals, 47(1):25-29
- Comparison of computer interface devices for persons with severe physical disabilities, 47(11):1022-1030
- Computer-assisted functional assessment and documentation, 47(11):988-992

TERMINAL CARE

- Death in very old age: A personal journey of caregiving, 47(8):717-723

THERAPEUTIC USE OF SELF

- Depersonalization of patients: A profile gleaned from narratives, 47(9):830-837

TUBERCULOSIS

- Looking Back—Graded activity: Legacy of the sanatorium, 47(8):745-748

V

VALUES CLARIFICATION

- Use of standardized assessment in occupational therapy: BaFPE-R as an example, 47(10):877-884

VISUAL PERCEPTION

- Hierarchical model for evaluation and treatment of visual perceptual dysfunction in adult acquired brain injury, part 1, 47(1):42-54
- Hierarchical model for evaluation and treatment of visual perceptual dysfunction in adult acquired brain injury, part 2, 47(1):55-66
- Test-retest reliability of the test of visual perceptual skills with children with learning disabilities, 47(9):819-824

W

WHEELCHAIRS AND ACCESSORIES

- Clinical evaluation of the Hemi Wheelchair Cushion, 47(2):141-144
- Survey of transportation services for children with disabilities, 47(9):804-810

WORK CAPACITY EVALUATION

- Work evaluations: Critique of the state of the art of functional assessment of work, 47(3):203-209

WORK EVALUATION

- Reliability of the worker role interview, 47(9):797-803

WORKING CONDITIONS

- Case Report—Work hardening for a client with low back pain, 47(7):645-649
